EXECUTIVE SUMMARY

2 July 2004

(U) Department of Army Small Business Training Conference (U) (MCMR-AAU).

The US Army Medical Research and Materiel Command's Associate Director, Small and Disadvantaged Business Utilization, attended and participated in the Army's Small Business Training Conference from 28 June –2 July, Orlando, Florida. The central message of the conference is that through communication, collaboration and commitment, we can achieve the goal of full participation of small business, as contracting partners in the Army procurement process."

The conference was attended by over 300 personnel and included over 100 exhibitors representing small and large businesses, many who are providing innovative products, services and business solutions in support of the Department of Defense.
