EXECUTIVE SUMMARY

28 March 2008

(U) Fort Detrick and National Interagency Confederation for Biological Research (NICBR) (U) (MCMR-SD).

The USAMRMC Office of Small Business Programs is working very closely with members of the NICBR for the scheduled 12 May 2008 HBCU/MI symposium, the day prior to the 12th annual National Cancer Institute -Fort Detrick Spring Research Festival

The goal of the scheduled symposium is to empower HBCU/MI with a medical research, technology and allied health curriculum to learn more about the various opportunities with regards to educational related initiatives, contracting, subcontracting, grant and potential employment opportunities being offered by the NICBR.

NICBR partners included: Centers for Disease Control (CDC), Department of Homeland Security (DHS), National Cancer Institute (NCI), National Institute of Allergy and Infectious Diseases (NIAID), United States Department of Agriculture (USADA) and the United States Army (US Army).
