EXECUTIVE SUMMARY

21 April 2010

(U) 20th Annual OSDBU Conference (U) (MCMR-AAU).

The USAMRMC and Fort Detrick Office of Small Business Programs Office attended and actively participated in the subject Conference and Expo, which was held in Chantilly, Virginia. There were approximately 2,500 people in attendance, 400 exhibitors, and representation from many federal procurement agencies.

During the day's events, the USAMRMC OSBP along with members from the Fort Detrick Business Development Office staffed both the U.S. Army and USAMRMC booths, which enabled businesses and other federal agencies to become better acquainted with how to compete for procurements within our dynamic command.

Our participation, along with that of the Fort Detrick Business Development Office underscores our continued commitment towards providing businesses an equitable opportunity to compete for procurements.
